PLUS OFFICE

We have decided to lay on our experience to take a new challenge: enter the office field with a small but indispensable range. We are talking about highlighters, markers and pens either packed in blisters or in see-through, elegant boxes. The name of the range is also our target: giving the final users a plus for his daily work.

Abbiamo deciso di utilizzare la nostra esperienza per affrontare una nuova sfida: entrare nel settore ufficio con una gamma piccola ma indispensabile. Si tratta di evidenziatori, penne, pennarelli in blister o in scatoline di sobria eleganza. Il nome della gamma è anche il nostro scopo: dare al cliente un plus, qualcosa in più, al suo lavoro quotidiano.

Hemos decidido emplear nuestra experiencia para encarar un nuevo desafío: entrar en el sector "oficina" con una gama pequeña pero indispensable. Se trata de marcadores fluorescentes, bolígrafos, rotuladores en blister o en cajitas de discreta elegancia que hablan de Italia. El nombre de la gama es, al mismo tiempo, nuestro propósito: dar al cliente un "plus", es decir algo más, para su trabajo diario.
